

To: President and Members of the Munster Town Council

From: Patricia Abbott
Controller/Interim Town Manager

Date: April 1, 2024

Re: Annual Redevelopment Commission Report

Under IC 36-7-14-13, a redevelopment commission must file an electronic report of its activities for the previous year. The report is submitted through Gateway and is due by April 15 each year. The statute dictates what must be reported and includes members of the Munster Redevelopment Commission, financial data, and debt information.

Beginning this year, the report must also be filed with the executive and fiscal body of the unit, in this case, the Town Council.

RECOMMENDED ACTION:

No motion is required. The President of the Council should “order the report accepted and placed on file.”
